County of Cook) ss.

**AFFIDAVIT IN SUPPORT OF ONE TIME PROPOSED CHANGE IN PPO
CONTRACT ADMINISTRATION**

Wayne Bollinger, having been sworn, deposes and says as follows:

1. My name is Wayne Bollinger, P.E. I am the Director of Energy Supply for Peoples Energy Services Corporation ("PE Services"). PE Services is a *certified Alternate Retail Electric Supplier* doing business in Illinois in the Commonwealth Edison service territory.
2. Recent MVEC (Market Value Energy Cost) calculations as determined by Commonwealth Edison under the existing tariffed methodology have made it difficult to cost effectively supply power and energy to retail customers without relying on ComEd's Rider PPO.
3. We at PE Services have recently made wholesale energy supply arrangements that will allow PE Services to cost effectively flow power and energy directly to our retail customers.
4. I have been told by Commonwealth Edison that they will file a petition seeking approval of tariff changes that will allow retail customers to have a one-time choice to opt out of pending and existing PPO Contracts prior to normal termination requirements.
5. Due to the current market conditions we fully support ComEd's temporary changes to the Rider PPO Tariff and strongly urge the Commission to approve these terms and conditions. Peoples Energy Services feels these one time tariff provisions will be valuable to the marketplace in Illinois.
